

Creating Change with the Task Force

Thursday, 3 Aug 2006

For all you activisty types, we want to give you a heads-up about the Creating Change conference in Kansas City this November.

Creating Change™ is the premier national grassroots organizing and skills building LGBT conference. Each year the conference is held in a different region of the United States and attracts 2,500+ participants from within and outside of the LGBT community. The conference is well known for providing a unique environment where activists and leaders come together from diverse places and backgrounds to create a community that is both strengthening and inspiring to the participants.

Starting the conference on November 8 is an interesting move by the National Gay and Lesbian Task Force, the organization that puts on the event. Depending on the way the elections go, it could be a very exciting or depressing time.
