Winter Party Generates Record Donation

June 17, 2008

The National Gay & Lesbian Task Force's Winter Party Festival (which took place in March) generated a record donation of \$180,000 to Miami's Dade Community Foundation GLBT Community Projects Fund.

The National Gay and Lesbian Task Force announced at a Coconut Grove reception last night that \$200,000 from the 11th Annual Miami Recognition Dinner and the 2008 Winter Party Festival will benefit the local Miami GLBT community. Of that amount, \$180,000 will be granted to Dade Community Foundation's GLBT Community Projects Fund to be disbursed to local organizations providing critical services to LGBT people. The remaining \$20,000 will be used to conduct a long-term strategic planning process for the future of the Winter Party Festival. Last year the Task Force's donation to the Foundation was \$160,000.
